Dear Alumnus,

As Mayor of the Town of Tarboro it gives me great pleasure to welcome the W.A. Pattillo High School National Alumni Association. You are truly blessed to have this opportunity to come together and fondly reminisce about the "good ol' school days."

The Town of Tarboro is elated that you are spending time in Tarboro celebrating the 32nd annual reunion of the association. The W.A. Pattillo High School Alumni Association is an ambassador for the town of Tarboro. I commend the association for providing financial assistance to area schools and for providing scholarship funds to area high school seniors to assist them in furthering their education at colleges and universities throughout the United States of America.

As the years go by, you have God to thank for keeping your association strong and for the rich legacy of the Tarboro Colored High School, the W.A. Pattillo High School and the Princeville Elementary School. May this joyous occasion be filled with many memories as you gather together to celebrate the past and embrace the future.

On behalf of the Town Council and the citizens, I sincerely hope you enjoy your time in Tarboro and may your visit here be cherished in the years to come.

Sincerely,

*Donald A. Morris

A Message from the President

Dear Alumni and Friends,

Here we are and many have returned to town. It's Reunion Time Again. Contrary to the declaration of Thomas Wolfe in his book ***You Can't Go Home Again*** we have come home to Reunion 32 to celebrate the Theme: **PRESERVING OUR LEGACY! "Thy Noble Sons, Thy Daughters Fair: Celebrating Our Past and Embracing The Future."** Wolfe in his book writes: "This is man, who, if he can remember ten golden moments of joy and happiness out of all his years, ten moments unmarked by care or unseamed by aches or itches has power to lift himself with his expiring breath and say: "I have lived upon this earth and known glory!"

I believe "yes we can" – each of us, can say that we have known the glory of a good life. We the noble sons and the daughters fair of the Tarboro Colored High School and the W.A. Pattillo High School can reach back into our past school days and grasp an idea, an event or a defining moment that set our sails for life regardless of the direction or the strength of the gale. That is one reason why we come to this event year after year – to reconnect to our past, a time that anchored us in a basic set of moral values that guided our spiritual lives, an attitude toward education that guided our intellectual lives, and a respect for the human form that guided our physical lives.

It was destined that the future would be fruitful for us. Not that we have not had to walk on the "rough side of the mountain" at times, but that we have lived well, laughed often and loved much. We can and will continue to embrace our future with this knowledge.

Welcome to the 2013 Reunion 32! Savor the moments, experience the magic, and forever keep each other in the paths of friendship that we have made.

Kind Regards,

Fred

History

W. A. Pattillo Alumni Association, Inc.

The W. A. Pattillo Alumni Association was the vision of four individuals: Nathan Lewis, William Boyd, Rayfield Perkins, and George Worsley. Following a financially successful reunion in 1978, Nathan Lewis and members of the Class of 1955 agreed to donate the proceeds to organize an alumni association. Planning meetings were scheduled with Nathan, Rayfield and William encouraging other graduates to attend along with George contacting members of the classes of 1939, 1940, and 1941. The "vision" was taking shape and the participants established national alumni associations since many participants were from out-of-state, mainly Philadelphia, PA and Washington, DC.

In 1981, former students of the Tarboro colored High School, the W.A. Pattillo High School and Princeville Elementary School gathered for the first reunion. The Tarboro Colored High School group had been informally organized in the late 1970s and this membership basically included the graduating classes of 1924 through 1943. Those involved with this group were Ethel Lewis, Helen Knight, William Ruffin, Grady Ashe, Elizabeth McMillian, Susanna Thomas, George Matthewson, Maude Bullock Porter, Lorna Pitt and others. The "plan" was in motion.

After the first reunion, more supporters came. They were Eunice Parker, Evelyn Faulk, Grace Swinson, Iris Braswell, Rev. James Wooten, Myrna Deloatch, Hubert Simmons, Charlie Brown, Elizabeth McMillan, Helen Newton Knight, George Matthewson, and Lois Cobb. The "dream" was taking shape. At this time, Nathan Lewis served as Interim National President and Iris Braswell was elected as the Tarboro Chapter President. In 1982, Alfred Norfleet was elected as the Washington, DC President and in 1983; Grady Ashe was elected as the Baltimore Chapter President. In 1983, under the leadership of President, Earlene Womack Lawrence, the alumni association obtained its state charter and was incorporated as the W.A. Pattillo High School National Alumni Association, Incorporated. Charter members were Jimmie Bullock, Thomas Perry, Grady E. Ashe, Lorna

Lloyd, Helen Knight, Iris Braswell, Cora Boddie and George Matthewson.

In 1985 the Tidewater Chapter was formed. The "vision" had become a reality. The past presidents have been Nathan Lewis, Jimmie Bullock, Barbara Bratcher Anderson, Earlene Knight Womack, Eva Norfleet, Thomas Newton, and Varnell Vines Kinnin. The association's current president is Fred S. Wood, Jr.

After a re-organization in July 2002, the purpose of the Association was revised, and according to its articles of incorporation, is to (1) provide scholarship, grants, etc. to students which the organization deems worthy of the same for purposes of assisting them in furthering their education; (2) provide financial and other assistance to educational institutions at all levels; (3) purchase books, equipment, etc. for the benefit and use of educational, social and civic organizations whose purposes or functions are related to promoting and enriching the lives of citizens; and, (4) promote and conduct social programs and events in communities for purposes of raising funds and promoting communications. Since the inception of the alumni association, approximately \$80,000 in scholarship funds have been awarded to area high school students to attend four-year colleges, community colleges and universities throughout the United States.

Under the present leadership of President Wood, the Officers and Board of Directors, the organization is forging into the 21st century in a concerted effort to promote and expand the focus of W. A. Pattillo High School National Alumni Association, Inc. and to broaden its scope in the local, state and national communities.

Distinguished Pattillo Alumni *2013*

Janice Bryant Howroyd was born around 1953 in Tarboro, North Carolina, as one of 11 children in her family. She is a 1970 graduate of W.A. Pattillo High School and received her bachelor's degree in English from North Carolina A&T State University. She later was awarded an honorary doctorate in humanities from North Carolina A&T State University.

After finishing her schooling, Howroyd visited her sister in Los Angeles and soon decided to stay there. She went to work as her brother-in-law's assistant at Billboard and noticed that most of the magazine's employees worked there in order to either break into the entertainment business or make money while waiting for their big breaks. Howroyd also noticed that she had an affinity for organization and employee placement. She stated in Black Enterprise , "I realized that I enjoyed helping people get temporary and permanent jobs. When someone told me to hang out my own shingle, I took the chance" (August 2003). She saved money and later borrowed from her family in order to start her own employment-service agency. With a small office in Beverly Hills and with one phone, the life of her company ACT*1 Personnel Services began.

Janice Bryant Howroyd, as the founder and CEO of the Act•1 Group, built the organization into a global leader in the staffing and human resources industry. Howroyd built her business on two principles: the "WOMB" method and the notion of "keeping the humanity in Human Resources." The letters in "WOMB" stood for "Word of Mouth, Brother!" Howroyd guaranteed companies that she would find qualified employees or return any payment received. Headquartered in Los Angeles, Ca. USA, her company creates and implements innovative technologies and global business solutions through the Agile.1 brand, that allow firms to optimize their talent pools and bottom line via resource management. Her AppleOne group is the largest privately held staffing company in the USA, and her A-Check America group offers background and drug screening globally. As a leader in the human resources industry, Mrs. Howroyd's organizations work with businesses of all sizes, from start-ups to global conglomerates. A sought-after speaker and lecturer, Mrs. Howroyd embodies the importance of combining education and entrepreneurship with service. She shares her unique understanding of the challenges faced by American workers and business owners alike, and has regularly appeared on CNBC's Street Signs to provide her perspective on the monthly Jobs Report. Recently, she compiled practical as well as motivating solutions in her book, *The Art of Work: How to Make Work, Work for You!*

Janice Bryant Howroyd, is active in her community. She served on the U.S. Department of Labor's Workforce Initiative Board, Loyola Marymount University's board of regents, and the Women's Leadership Board of the Women and Public Policy Program at Harvard University's John F. Kennedy School of Government.

Dr. Weaver attributes his success to a close-knit family, parents with educational expectations for their children, his belief in God, and the encouragement and support from the love of his life, his wife, Queen. They are parents of one child, Frank B. Weaver, Jr., and grandparents to Frankie's two children. The couple is retired and resides in Raleigh, NC.

The W.A. Pattillo High School National Alumni Association, Inc. aspires to unite alumni and keep them informed of school and community news. The primary means of communication to the alumni is the association's website and newsletter. A strong school-alumni-community connection is healthy and the basis for a positive relationship among the three entities. Establishing a solid and extensive alumni connection is also essential for the successful preservation of our legacy, for the association's future growth and financial support capabilities.

The main goal of the alumni association is to offer scholarships to graduating students in the Edgecombe County Public Schools (ECPS). The association also provides incentives awards to elementary and middle school students in Edgecombe County, financially supports designated school based needs at Pattillo, and renders financial assistance to local organizations that help students in the county as deemed appropriate. As our financial foundation grows, the association will take increased pleasure in helping more students step into their future.

The current display housed at Pattillo School includes historical artifacts intended to preserve our legacy. Growth in strength and numbers will allow the association to influence countless young students and alumni that have moved beyond the community boundaries to "give back" to the community, to remember their educational roots, and to help the next generation of graduates. A strong alumni association will help create and promote this bond. It is important for our students to hear from alumni that have achieved success in chosen vocations and to be aware of the presence of the alumni association to demonstrate our acts of caring and sharing.

Your help is needed to enrich, inspire and celebrate students in the ECPS, our alumni, and the larger community by cultivating a positive and sustained interaction among these constituents. If you are an alumnus, and do not belong to the association, JOIN! ACTIVATE your membership status by paying your dues. Your dues support the daily operation of the association and fund such projects as the newsletter. After joining, volunteer your services, PARTICIPATE! Help in some capacity of the association. There is always something to be done, and there is work for all who are interested. Finally, DONATE! Contribute money to the scholarship campaign. Your donations fund educational endeavors such as scholarships and grants for local students. The association has already helped so many students, but if all of us join in, we can make a more significant impact in ECPS. Contact any officer or committee chairperson to make your interest known and you will be appropriately directed. ACTIVATE! PARTICIPATE! DONATE!
