

Patricia Benbow

Patricia Benbow is a lifelong resident of Edgecombe County and worked within the county until 2014. Last year, I served as the Hall of Fame Chair for the W. A. Pattillo High School National Alumni Association, Inc., where I gained invaluable insights from its members and committee. I look forward to continuing my contributions to the association and learning from the wealth of knowledge and expertise of its members. By upholding the foundational values of service, dedication, and contributions, our aim is to continue to assist the students of Edgecombe County and the broader community. This aligns with the vision set forth by the founders of the W. A. Pattillo High School National Alumni Association, Inc. some forty years ago, which is to provide scholarships that support educational aspirations beyond high school.

Supporting students who desire to gain knowledge and make informed decisions about their future is important to me, especially since my own educational journey after high school was non-traditional. I began higher education at Edgecombe Community College, paused to enter the workforce, and later continued my studies, ultimately earning a Bachelor of Science degree in Business Administration from North Carolina Wesleyan College, now University.

I am proud to serve as the National Vice President of the W. A. Pattillo High School National Alumni Association, Inc., and am committed to furthering its mission.
